"Social Entrepreneur Corps was an incredibly rewarding experience. I was able to develop my professional skills in the disciplines of social entrepreneurship and consulting as well as learn from a community of vibrant students and mentors"

"This was a perfect way to cultivate ethical leadership and problem solving skills with an exceptionally kind group of people."

"I am very grateful for my experience with the vSEC program. I felt excited for each and every class, supported by my supervisor and peers, and engaged throughout discussions and project iterations. If you are looking for an experience that enhances your creative, empathetic, and sustainable problem-solving and collaboration skills, this is the program for you!"

"Absolutely fun and stress-free experience that gave me hands on consulting experience and helped me develop my skills."

"Over the three weeks working with people from all around the globe created a diverse environment where ideas flowed. Being able to communicate directly with the Centro was immensely educational as well as eye-opening. I learned how to look at a problem from another's point of view and seek to empower them with a positive idea."

"The Virtual Social Entrepreneur experience allows you to use and develop your skills learned in school for something meaningful."

"Thank you for such a fun and engaging program, I loved my time with the SEC!"

*"I really enjoyed this program and will definitely be recommending to others!
I will be 100% recommending this to friends."*
